PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU ("**MiFID II**"); or (ii) a customer within the meaning of Directive 2016/97/EU (as amended, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129, as amended (the "**Prospectus Regulation**"). Consequently, no key information document (the "**PRIIPs KID**") required by Regulation (EU) No 1286/2014 (the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

PROHIBITION OF SALES TO SWISS RETAIL INVESTORS – The Notes are not intended to be offered, sold, or otherwise made available to, and should not be offered, sold, or otherwise made available to, any retail investor in Switzerland. For these purposes, a retail investor means a person who is not a "**Professional Client**" within the meaning of the Swiss Financial Services Act ("**FinSA**"). Consequently, no key information document, either in the form of a "**Swiss KID**" with the format and contents outlined in Title 3, Chapter 2 of FinSA and in the Financial Services Ordinance ("**FinSO**"), or of a PRIIPs KID, formally recognised as equivalent to a Swiss KID as per Annex 10 of the FinSO, has been prepared for the offering or sale of the Notes or otherwise making them available to retail investors in Switzerland. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

EEA MiFID II product governance / Professional investors and ECPs only target market – Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturer's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

UK MiFIR product governance / Professional investors and ECPs only target market – Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook ("**COBS**"), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**UK MiFIR**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (for the purposes of this paragraph, a "**distributor**") should take into consideration the manufacturer's target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

The Issuer will use the proceeds from the issuance of the Notes to effect the following investments:

> purchase the US dollar-denominated Class Q Shares of GAP Multi-Strategy Fund One – Segregated Portfolio Eleven ("**MSF1**"), a segregated portfolio of Global Alternative Platform SPC Ltd ("**GAP**"), or any other dedicated share class of MSF1 with similar economic characteristics as may be issued at full discretion of GAP's board of directors. GAP is a segregated portfolio company incorporated in July 2019 in the British Virgin Islands under registration no. 2018565, and with registered address at Ritter House, Wickhams Cay II, PO Box 3170, Road Town, Tortola, British Virgin Islands. GAP qualifies as a 'Private Investment Fund' within the meaning

of the Securities and Investment Business Act, 2010 (as amended) of the British Virgin Islands ("**SIBA**"), thus it is subject to oversight by the BVI Financial Services Commission ("**FSC**") through a recognition regime rather than a licencing regime, and it is only suitable for Professional Investors, as defined in SIBA, and for a minimum investment of US dollars 100,000. GAP and its segregated portfolio MSF1 are audited by BDO Limited, British Virgin Islands.

> hold a cash reserve to allow the Issuer to meet the payment obligations of the Compartment during the whole tenor of the Notes; and

> on a best-effort basis, enter into foreign exchange hedging transactions in order to mitigate the Noteholders' currency exposure arising from invested assets denominated in currencies other than the Specified Currency. To this end, the Issuer intends to establish a business relationship with a suitable currency-hedging counterparty and, once operational, execute FX hedging transactions (such as FX forwards or FX options) whenever appropriate. These transactions may involve execution costs and bid-offer spreads charged by the relevant counterparties. Furthermore, FX forward contracts incorporate forward-point adjustments reflecting prevailing interest-rate differentials between the currencies involved. As a result, each FX forward will generate a positive or negative carry over its term, which will be recognised as profit or loss independently of movements in the underlying spot exchange rate

(all together, the "**Unsecured Collateral**").

GAP is an independent entity, not associated or affiliated in any way with the Issuer. Investors in the Compartment have no rights against GAP or its segregated portfolio MSF1. Prospect investors and Noteholders may request free of charge to the Issuer a copy of GAP's Confidential Information Memorandum, as well as of MSF1's Portfolio Supplement. These are confidential documents of GAP and will be provided for information purposes only. They may not be further used or distributed. They do not constitute any offer to a potential investor in the Compartment.

GAP's segregated portfolio MSF1 is managed by Red Investment Managers Ltd, a company incorporated

under the laws of the British Virgin Islands in July 2019 under registration no. 2016918, and having its registered office at Ritter House, Wickhams Cay II, PO Box 3170, Road Town, Tortola, British Virgin Islands (the "**Fund Investment Manager**"). Blue Investment Advisors Ltd, a company incorporated under the laws of the British Virgin Islands in July 2019 under registration no. 2016919, and having its registered office at Ritter House, Wickhams Cay II, PO Box 3170, Road Town, Tortola, British Virgin Islands, acts as investment advisor to the Fund Investment Manager in relation to GAP and MSF1 in specific.

The objective of MSF1 is to offer investors a multi-strategy investment opportunity designed to deliver absolute returns through a diversified and adaptable investment strategy, combining both internal and external managers.

MSF1, through the implementation of several independent global strategies diversified across the widest spectrum of financial instruments, is designed to generate orthogonal returns with a target beta of zero, pursuing an absolute return approach on a truly global scale. MSF1 adopts a fully opportunistic and unconstrained investment style.

MSF1's indicative target is to achieve double-digit gross performance annually, while maintaining strict discipline in liquidity and risk management. Portfolio construction emphasises high liquidity and asset liquidability, with a clear aversion to illiquid opportunities extending beyond 12 (twelve) months.

MSF1 is not considered suitable for investors with an investment horizon of less than 12 (twelve) months.

MSF1 predominantly invests in liquid assets; however, certain Share Classes may also access less liquid financial instruments, provided that such investments allow for realisation within a maximum period of 12 (twelve) months.

The investment universe is broad and flexible and may include, without limitation, the following categories:

- Securities – primarily equities, as well as secured and unsecured fixed-income instruments such as bonds, convertible instruments and other similar debt securities;

- Financial Instruments – including futures, foreign exchange transactions and exposure to hard and soft commodities; and
- Funds – including specialised funds, mutual funds and other professionally managed vehicles that align with the investment criteria of each Share Class.

With its multi-asset and opportunistic approach, the Portfolio seeks to maximise risk-adjusted returns by capitalising on a wide spectrum of global market opportunities.

MSF1 cannot invest in assets with a redemption/liquidity term exceeding 12 (twelve) months. In addition, MSF1 is not permitted to make direct or indirect investments in real assets, including but not limited to:

- Real Estate – direct or indirect investments in real estate properties or real estate development projects.
- Private Equity – direct or indirect investments in private companies, buyout structures or similar long-term equity transactions.
- Venture Capital – direct or indirect investments in early-stage or growth-stage companies.

MSF1 maintains a dedicated and segregated account at The Bank of New York Mellon, New York and at Fund Bank in the Cayman Islands, each having been appointed as the custodian and prime broker for MSF1.

Investors into MSF1 bear the costs and expenses associated with the organisation and the initial offering of MSF1's shares, including the costs incurred in connection with the preparation of GAP's Information Memorandum, registration fees, document duty and professional fees and expenses, as well as the ordinary costs and expenses associated with the continued operation of MSF1. Also, a fixed fee of US dollars 500 shall be charged in respect of each subscription or termination (including partial terminations). In addition, the Fund Investment Manager shall receive management fees, which are 2.00% (two percent) per annum for Class Q Shares calculated on the net asset value attributable to this class of shares of MSF1. The Investment Manager shall also be entitled to receive a performance fee of 20.00% (twenty percent) (the "**Fund**

Incentive Fee"), based upon new appreciation in the share class's net asset value, without hurdle and subject to a high-water mark. The Fund Incentive Fee shall accrue and be payable to the Fund Investment Manager on an annual basis.

The investment term of GAP's segregated portfolio MSF1 is 10 (ten) years from its launch date of June 2025, but it may be extended at discretion of GAP's directors.

Further information on the terms and conditions and risks factors associated to both GAP and its segregated portfolio MSF1 is available in the offering documents of this British Virgin Islands fund. Prospect investors and Noteholders may request free of charge to the Issuer a copy of the Confidential Information Memorandum of GAP, as well as of the Portfolio Supplement of MSF1. These are confidential documents of GAP and will be provided for information purposes only, and they may not be further used or distributed. They do not constitute any offer to a potential investor in the Compartment.

O. Other Risks Disclosures Related and Specific to the Securitisation Transaction:	Investors in the Notes should be aware that by acquiring the Notes they are exposed to specific risks linked to the Securitisation Transaction as detailed in the Base Memorandum and to the specific risks related to GAP and its segregated portfolio MSF1, as further detailed in its offering documents, and to following specific risks linked to the Unsecured Collateral: a) Concentration Risk: To the extent that its portfolio is concentrated in investments or other assets in or from a particular country, market, industry, group of industries, sector or asset class, the Compartment may be adversely affected by the performance of those assets, maybe subject to increased price volatility and may be more susceptible to adverse economic, market, political or regulatory occurrences

affecting that market, industry, group of industries, sector or asset class.

c) Limited Liquidity: MSF1 has implemented quarterly liquidity gates for investors wishing to redeem, which is reflected in the limited liquidity of redemption for Noteholders (see *36. Noteholder's Early Redemption Option*).

d) Currency Exposure: Noteholders may be exposed to currency mismatch between the denomination currency of the Notes and the currency of the underlying investment. Fluctuations in exchange rates, the availability and cost of hedging arrangements and exchange controls may materially affect the value of the Notes.

e) Taxation: Noteholders should consider the tax treatment of the Notes and of the Unsecured Collateral and consult a tax advisor regarding fiscal risks and implications before investing.

The above-mentioned risk factors are not intended to be comprehensive and there may be other risk factors that relate to or may be associated with the investment into the Unsecured Assets. In addition, investors are recommended to read carefully the *Investor Suitability* and *Risk Factors* sections of the Base Memorandum.
